Re: Hector Luevano  
Luevano Hart Construction, LLC

To Whom It May Concern:

Luevano Hart Construction, LLC was chosen to be a part of the first JE Dunn Construction Minority Contractor Business Development Program (MCBD Program) in early 2006 when it began. This company competed with about 50 other companies with great qualifications and was chosen to be a part of the elite group of 13 companies to participate in this unique program. Coincidentally, I was teamed with Hector to be his mentor, as each company received a mentor as a part of this program. Since then, I have watched Luevano Hart grow successfully at a steady pace.

There's no question that Luevano Hart was already a solid company prior to the JE Dunn MCBD Program, but throughout this past year I have watched Hector implement several of the items learned in our training classes into his company. While Hector was implementing new policies and procedures, introducing an employee handbook to his employees, building relationships, amongst other things, his company was successfully working on several projects at JE Dunn (Johnson County Comm. College/NKC Police Department/HCA Independence Regional Hospital), as well as other projects. He has also achieved goals such as creating a partnership with a large prime contractor to expand his business opportunities.

It has been my pleasure to work with Hector and his company. He is truly a leader with a great attitude and persistence, which is why I feel he will be one of the success stories from the JE Dunn MCBD Program.

Sincerely,

JE DUNN CONSTRUCTION COMPANY
